111 Winston Way  
Dec 17-30

Hello Paul:

How's every thing going now days?  
Hope you are alright. Havent heard  
from you since you left so we  
have often wondered about you.

Did you have any trouble when you  
went back the last time in the  
Dodge? Hope this letter finds you  
O.K in health too.

Well I just wanted to write + tell  
you that for you to have a look  
out for a box we are sending you  
for Christmas, just to let you  
know we havent forgotten you.  
We are mailing it tomorrow so  
it will be there in no time.

I hope your wood + fur trapping  
is all that you wanted it to  
be this Fall + Winter.

We are having snappy, cold  
weather now.

The house you had across the street  
is rented now.

There isn't a vacant house on the street now.

You won't know Jo Ann the next time you see her. She is saying a number of words now. Mr. Barr celebrated his 50<sup>th</sup> birthday last night. He had a big party up there. There was 19 there & we sure had fun.

Everything is the same on Winston Way - nothing new to tell you.

The latest scandal in Hollywood. - The manager of the "Guaranty Building & Loan Association" looted the company of \$8,000,000. Had been doing it for 5 years & they just caught up on him at last! It sure is a mess. Sure ruined thousands of people.

Guess the best thing to do with your money is to bury it in an old tin can now days.

The Bank of Hollywood closed its doors a couple days ago & that's what brought it out the crash I just told you about.

The latest to die in the <sup>movie</sup> ~~music~~ world  
that you knew Lon Choney +  
Milton Sills. Lon from cancer of the  
throat + Milton from heart trouble.

Well dont know of anything else just  
now to tell you Paul so lets hear  
from you soon
