Jan. 8-31.

Dear Friend Paul,

first of all,

I want to let you know that I am very well, and wishing you the same.

I had a pretty good time last

Christmas, and New Year in Los Angeles with my friends.

I haven't seen Jack since, about 20th last month he came to see me in Restaurant, and he toled me that he sold aeroplane, around two hundred dollar, I don't remember just right amount, that's ofly cheap, don't you think so?

I am going over to visit him some time, I don't go out very much nowday,

I think I am getting kind a lazy.

Well Paul how is everything with you out there, I sorry to hear that you was sick and could not work for long time.

I hope you are well now, and glad to hear that the prospecting ~~looks~~ looks good. We are having lot of rain out there now.

"Hello" from George, and Hansen.

It's all the good news I can think of for this time so will close with the best wishes, and lots of good luck to you.

hope to hear from you soon, (GoodBye!)
