Mr. Paul Bell,
Armado, Arizona.

Dear Sir:

In answer to your letter of the 1st, a complete new Zenith Carburetor for your 1924 "4" cylinder Henderson Motorcycle costs \$22.50, f.o.b. Los Angeles.

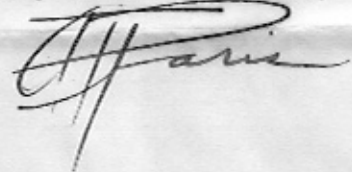

In case you want to repair the one you now have, the complete needle valve assembly with cover is \$2.85, postage being additional.

Please let us know whether you want a complete new carburetor, or the parts to repair your old one, and we will make immediate shipment.

Awaiting further word from you,
we are,

Very truly yours,

J. F. DIXON COMPANY,

ATP/CW

P.S. It might be advisable to have your present Zenith overhauled. If you will send the carburetor to us, we will be glad to completely overhaul this instrument and make it like new. The cost will not be more than \$10.00.
